

Title : The Lonesome Dreamer 2002

Composer : Kit Chan, Casewoo

Lyricist : Kit Chan

The lonesome dreamer
I adore her face
Raven black tresses
Framing her pale face

The lonesome dreamer
Why can't I be you
I haven't got the courage
To dream all alone

You see it in her face
All the pain
But she's trying to smile
To sing, to laugh
To live, to love
To lie, to die
She says, she says, she says

The lonesome dreamer
You pretty angel
You don't need a man
In your Never-never land

Can I get closer
Can I touch your hands
Will you still be there for me

The lonesome dreamer
I adore her face
Her pale face...
