

Title : Hello Goodbye

Composer : VerticalRush

Lyricist : Esmond Wee

This time it's real
I know you're leaving
It went too fast to comprehend
No chance to make up for lost time
And I think I'm down to my last dime

Lie back buckle up those seatbelts
You're going on this new ride
A whole new world, a brand new life
But don't forget
What you're leaving behind

Six years may seem a long while
Rocky roads we've traveled times upon
But never will I regret the
Bond we both developed

Silence can sour out the sweetness
I'm starting to feel my heartbeats
What would you think of me now?
If I said I'd miss you somehow?

Here we go
Here we go again
Hello, goodbye
Light and sparks take flight
Hello, goodbye
Flowers bloom; your new life
Hello, goodbye bittersweet sacrifice
Hello, goodbye, I'd smile but I'll cry.

If you'd still remember
Those times together
I thought it was you
In the end it wouldn't do
Look back and ponder
The awesome splendor
A fixed relation; anticipation
