

**Title : This Side Of Heaven**

**Composer : Dick Lee**

**Lyricist : Dick Lee**

There's a place where balmy breezes blow  
Take my hand and go there if you want to,  
Then I wanna go, oh  
To this side of heaven

There's a place where we can go today  
Ain't no gray skies, every day's a sunny day  
Let's get away, oh  
To this side of heaven

You don't need no ticket  
If you wanna go you know  
You got to make a showing, baby  
You don't need nobody  
To show you how to get there

There's a place where happy people play  
And every day you spend there is a holiday  
Let's go today, oh  
To this side of heaven

You don't need no ticket  
If you wanna go you know  
You got to make a showing, baby  
You don't need nobody  
To show you how to get there

There's a place where happy people play  
And every day you spend there is a holiday  
Let's go today, oh  
To this side of heaven
