

Title : River Of Dreams

Composer : Clarence Tan

Lyricist : Clarence Tan

Moon is shining bright
Alone I sit beside
River of dreams I ask of you
Tell me will he be as fine as I have dreamed
Do you think he's waiting for me too

In the candle light
I see them passing by
Two by two along the river side
But I won't be blue as long as I have you
River won't you make my dream come true

And finally when we meet
Will he recognise me
Have we already met before
On a quiet evening another night like this
Maybe he's been here before too
River won't you make my dream come true
