

Title : Away

Composer : Martin Tang

Lyricist : Ray Kelly

1) Auntie Faridah, she's known as the great mouth here in the east.
Talk is cheap. She spread so many rumours all around

They would be gathering all around the market.
Waiting patiently to hear the news.

CHORUS:

Stay away away, got to stay away away.
You've got to stay away away
There's more than words can say.

2) She's got connections,
The walls of your bedroom it isn't safe
And she knows the time that you get in and out of bed

Whispering words
Travelling fast as lightning.
Many new versions made up just for you

Repeat CHORUS - Dikir Barat -

Auntie Faridah came home a little early one fine day
Only to find out her husband fooling with the girl next door
She tried to keep quiet
But the word had gone out
Faridah's love life made headline news

Repeat CHORUS And Fade Out.
