

**Title : Away**

**Composer : Martin Tang**

**Lyricist : Ray Kelly**

1) Auntie Faridah, she's known as the great mouth here in the east.  
Talk is cheap. She spread so many rumours all around

They would be gathering all around the market.  
Waiting patiently to hear the news.

**CHORUS:**

Stay away away, got to stay away away.  
You've got to stay away away  
There's more than words can say.

2) She's got connections,  
The walls of your bedroom it isn't safe  
And she knows the time that you get in and out of bed

Whispering words  
Travelling fast as lightning.  
Many new versions made up just for you

**Repeat CHORUS - Dikir Barat -**

Auntie Faridah came home a little early one fine day  
Only to find out her husband fooling with the girl next door  
She tried to keep quiet  
But the word had gone out  
Faridah's love life made headline news

**Repeat CHORUS And Fade Out.**
