## PEACE

**BY MAYFLOWER  
SECONDARY SCHOOL**

*I waited for 5000 miles  
Placing hope on your sad thunderstorm  
I thought that you could help me out  
You never paused or stayed to watch*

*So I'll take my time  
Set emotions free  
Just watch me  
Become the one I was meant to be  
Just watch me fly  
I'll find myself defined  
I'll be an angel surely  
Surely*

*I'll be at peace  
Through all the hundred thoughts  
I'll never ask for  
love like this  
I'll be here just to say  
My symphonies could break  
But I'll stand strong  
I'll be at peace*

*Those days I used to spend in doubts  
I never cared about my promises and vows  
But did you know you broke me down  
Into a crippling lady, afraid to bow*

*So I'll take my time  
Set emotions free  
Just watch me  
Become the one I was meant to be  
Just watch me fly  
I'll find myself defined  
I'll be an angel surely  
Surely*

*Say I'm at peace  
Through all the hundred thoughts  
I'll never ask for  
love like this  
I'll be here just to say  
My symphonies could break  
But I'll stand strong  
I'll be at peace*

*You could watch me fall and I'll get back to peace  
I could fight my way through I hope your actions  
could cease  
Slowly, suddenly, I'll take my time I'll be at peace*

*I'll be at peace  
I'll be here standing strong  
My words will mean much more  
I'll take my time  
Look for me be prepared  
I'll never crumble there  
And I'll stand strong*

*I'll be at peace  
Through all the hundred thoughts  
I'll never ask for  
love like this  
I'll be here just to say  
My symphonies could break  
But I'll stand strong  
I'll be at peace*

*I'll be at peace*
