

Title : Leaving

Composer : Corrinne May

Lyricist : Corrinne May

There's a comfort in this darkness
A familiar road
though I know that you
are no good for me
You're a false alibi
You hypnotize and you
keep tempting me
to throw away eternity

Time to wake-up
and shake-up
You've kept me right under your spell
for too long
Your promise is empty
Go dig your claws in somebody else
'cause it won't be me

I'm leaving
Leaving this path behind
Don't need your sympathy
I'm leaving
Don't try to change my mind

It's a new day
A new way
Change is never easy enough
but I'm not giving up
I'm growing and I'm sowing
seeds of life beyond this shell
I'm going to be free
breakout from this cell

I'm leaving
Leaving this path behind
Don't need your sympathy
I'm leaving
Don't try to change my mind
I'm leaving this path behind

Shake my faith
You're never going to break me
Take my strength
you're never going to make me
Turn my back away from the truth
I won't play your games
I'm nobody's fool

I'm leaving
Leaving this path behind
Don't need your sympathy
I'm leaving
Don't try to change my mind
I'm leaving this path behind
