

Title : All I Am

Composer : VerticalRush

Lyricist : Nicholas Chim

Don't see you much these days
You've found a new best friend
What we had back then
Is now just a memory

But I can't erase your face
From my heart and my head
Oh I'm just wishing simply hoping
That you would come back to me

All I am
All I have
I would give
Just to be with you

Life has never been the same
Since you went away
The stereo's quiet, the party's dead
And I'm sitting here all alone

I'm lying in my chair
Facing the door, drinking beer
Hoping I'll fall asleep
And be released
From living out this nightmare

I admit it
I was stupid
Over possessive and out of control
