

**Title : Heart and Soul**

**Composer : Leonard De Cotta**

**Lyricist : Bernard De Cotta**

It's an island, that we live in  
It's a place we call our own  
But as it is it seems to me  
We only work just to earn

But have we ever realised  
We doing it all for us  
Cause no one is an island  
We're all part of everyone

So come on Singapore  
Let's put our hearts and soul  
Together, we'll strive with unity  
United we strive, united we build  
United we work together as one in harmony  
United we stand, let's never fall  
For Singapore we'll do the best we can

Through twenty-five years of nation building  
We have seen and experience  
A period of solidarity  
Citizens with a common aim

To all the workers  
Wherever you are  
Regardless of races  
Regardless of what we are
