Verse

Say I love you

To someone you love

Maybe even thank you

To the angels above

Say I'm sorry

When you're in the wrong

Listen to their story maybe you were wrong all along

(As a nation, nation give a little kindness, kindness coz it starts with one *echo*)

Chorus

We may be young

But it's not a spell

We're having fun

Helping everybody else

And when we love

We don't expect anything in return

Coz it's just enough

To make the whole world

Go round (x5)

Verse

Forgive someone

Who has wronged you

Weren't you wrong once

Didn't they forgive you

Keep your word yeah

It's a promise you made

Right here I'll stay

Forever I'll wait

(As a nation, nation give a little kindness, kindness coz it starts with one*echo*)

Chorus

Bridge

Ohh.. can you feel that sorrows

Is your heart that hollow

Give them a blooming rose

And say hello

So show a little kindness

It won't hurt you

No matter how small or pointless

Give them a helping hand

Give them love and care

As a nation, nation gives a little kindness, kindness coz it starts with one

We may be young

But it's not a spell

We're having fun

Helping everybody else

Chorus
