

**Title : Words Of The Day**

**Composer : Taufik Batisah**

**Lyricist : Taufik Batisah**

I should've left you  
But I loved you  
How was I supposed to let it go

When I need you  
You always try to  
Make it seem like I'm out of control  
That's what you're good for

**Pre-chorus**

Whatever's lost, Whatever's done  
I know that you had your fun  
Whatever comes  
Is just far too late  
(You had it going on for you)  
Now you say  
You want me back  
I'm not about to cut you slack  
The table's turned  
I think you should learn  
You were never there for me

**Chorus**

Don't say that you didn't know  
Loving you were the words of the day  
Don't say I was to blame  
I loved you

**Post-chorus**

I loved, loved you (X4)

I should've left you  
But when I tried to  
I couldn't bring myself to make you cry

Yes I loved you  
I really want you  
But it hurts me just to think of all the lies  
You played me like a fool

Breakdown

You knew that I loved you

There was nothing I wouldn't do

You knew that I loved you

But you played me like a fool
