

Title : Everybody Is Special

Composer : Denise L.D' Almeida

Lyricist : Hadijah Ali

VERSE 1;

I share this thought with everyone
Escape your ordinary world
Reach out your hand to others and
Your dreams will live, they'll be unfurled

CHORUS;

Everybody is special
I hope that you will see
We all have hidden dimensions
Just have to set them free
Everybody is special
A spark in everyone
It bursts to life with you
You and me

VERSE 2;

I share this thought with
everyone
It's a blessing in my life
Take courage, you can
hold your own
Break out, and stop asking
why

(CHORUS)

BRIDGE

Touch your heart and feel the
spirit in your soul
Feel the love inside your heart
Touch your heart and feel the
spirit make you whole

(CHORUS)
