

**Title : Everybody Is Special**

**Composer : Denise L.D' Almeida**

**Lyricist : Hadijah Ali**

**VERSE 1;**

I share this thought with everyone  
Escape your ordinary world  
Reach out your hand to others and  
Your dreams will live, they'll be unfurled

**CHORUS;**

Everybody is special  
I hope that you will see  
We all have hidden dimensions  
Just have to set them free  
Everybody is special  
A spark in everyone  
It bursts to life with you  
You and me

**VERSE 2;**

I share this thought with  
everyone  
It's a blessing in my life  
Take courage, you can  
hold your own  
Break out, and stop asking  
why

**(CHORUS)**

**BRIDGE**

Touch your heart and feel the  
spirit in your soul  
Feel the love inside your heart  
Touch your heart and feel the  
spirit make you whole

**(CHORUS)**
