

Title : Culture

Composer : Dick Lee

Lyricist : Dick Lee

Listen to the music - let the music through
Show them you appreciate what they're trying to do
Exercise some discipline — don't tap your feet too hard
Try to see that what you hear has got no counterpart
Culture
When you look upon the wall, do you see dots and lines?
And when you watch the dancing figures, do
they dance in time?
Teach yourself or have it fed into you day and night
Soon you'll come to understand the dances, dots and lines.
Culture

Ladies & gentlemen, we proudly present
The greatest works ever created by man

Do tears come to your eyes
When all the characters emote —
It comes as no surprise
After all, culture's forced down your throat

Do you like Schubert? Do you like jazz?

Listen to the music - let the music through
Show them you appreciate what they're trying to do.
