## HIGHER

BY CHIJ KATONG CONVENT

*Go too high, can reach the sky  
Go back down, my head goes bow  
Never seen those wings in the sky  
I open my eyes, I see the darkness  
Close my eyes, I meet the brightness  
What does it do with the world?*

*All ... the butterflies in the water  
All the stars can shine in the darkness, they say ill  
Never reach too high but I reach the branches  
If you do good, Good will be done to you*

*And I'll go, higher, higher everyday  
And I'll get braver, braver everyday  
The stars glowing brighter, brighter everyday  
And I'll get stronger, stronger everyday*

*Be happy and smile  
Keep the frowns away  
Just stay positive  
Each and everyday  
Why do you make it seem so tough  
You have so much good, don't stay bad  
Work very hard, and don't be sad  
Don't ever give up on life*

*And I'll go, higher, higher everyday  
And I'll get braver, braver everyday  
The stars glowing brighter, brighter everyday  
And I'll get stronger, stronger everyday*
