

**Title : Just Say You'll Love Me (Tell Me Your Lies)**

**Composer : Ricky Ho**

**Lyricist : Belinda Foo**

They say the lonely play with fire  
Only the sad will understand  
They say love ain't kind to know after all oh

I need the warm touch of your love  
Don't need the cold thoughts in your mind  
I need your love to get on by so

\* Tell me your lies  
That's all I ask of you

**Chorus**

Just say you'll love me, say that you'll care  
Just say you'll love me, say you'll be there  
You are the one, just tell me  
Just say you'll love me, just for awhile  
Just say you'll love me, don't say goodbye  
You are the one, you make my life complete  
So tell me your lies

You left me standing in the cold  
You let me stay to play the fool  
Still I need your love to get on by

**Repeat \* — Chorus**
