

Title : Light In The Dark
Composer : Don Ferdinands
Lyricist : Don Ferdinands

Verse 1

When life gets really hard and I feel so blue.
You will come my way and make it all new.
You always seem to know, the way that I feel.
Somehow you understand, what I try to conceal.

Verse 2

When the wind blows cold and the sky turns grey.
Then you'll come along and light the way.
In the darkest night, you'll bring a spark.
Like the moon at night, you're a light in the dark.

Verse 3

When the road seems long, to that final mile.
I just reach for you and you'll give me a smile.
In the darkest night, you'll bring a spark.
Like the moon at night, you're a light in the dark.
