

**Title : Chinoserie**

**Composer : Dick Lee**

**Lyricist : Dick Lee**

She's got her Hunza on,  
It's Friday night until it breaks at dawn,  
She's got a dinner at eight,  
Everyone will be late,  
But it doesn't matter 'cause the night is filled with stars!

Everything is all right,  
Everybody is getting ready,  
To turn on the night,  
There is magic to share,  
Let the music spin,  
Let it take you out to dance!

**CHORUS**

Chinois, Chinois,  
He's waiting for me at  
Chinois, Chinois  
She's here to set free in  
Chinois, Chinois  
He's changing the scene from  
Chinois, Chinoiserie,  
Floating away on dreams

(Of Life, Of Love,  
Of me and you,  
Of Hopes and Stars,  
Of Hearts renewed.)

He's got to be on time,  
Don't hesitate when all the stars align,  
'Cause everyone will be there,  
With their Hearts in the air,  
It's the perfect feeling,  
Made of fire, forever gold!

Like the Love in his eyes  
Spreading wide to believe in Heaven,  
Just let it unfold,  
'Cause tonight is the night,

He's got to make it shine,  
Gonna take that chance on love!

**CHORUS**

Chinois, Chinois,  
He's waiting for me at  
Chinois, Chinois  
She's here to set free in  
Chinois, Chinois  
He's changing the scene from  
Chinois, Chinoiserie,  
Floating away on dreams

If I could I'd let the night go on and on,  
Just let it keep turning up and shining on the dance!  
And I have this feeling that it's never gonna end,  
We are all in this moment,  
In this Night,  
That will last forever on!

(Nari's here, Louana's here,  
And Marc is here, so Anaberta's here  
Cecilia's here and Gerry too,  
Audrey's here and so is Sam and Sue  
Helena is on her way,  
And Howie's signing in Rizal and Jane)

'Cause Tonight,  
Like the stars in our eyes,  
Like the promise of our tomorrows,  
Is making me high!  
Silver streams in the sky  
Take my hand, let's go  
Let the night be free to fly!

**CHORUS**

Chinois, Chinois,  
He's waiting for me at  
Chinois, Chinois  
She's here to set free in  
Chinois, Chinois  
He's changing the scene from  
Chinois, Chinoiserie,  
Floating away on dreams

(Just come on with me

Oh, you know you can  
It's Chinoiserie  
Come on take my hand)

(Of Life, Of Love,  
Of me and you,  
Of Hopes and Stars,  
Of Hearts renewed.  
Of every Wish  
That will come true  
Of all the nights  
That shine for you)
