Question

What motivates you
What do you feed on
Your present intentions
What are you weapons

Damn the dam

What are you aiming for
Sixty million meters of lumber
Why do you choose to do it here
Where are my answers

Eight thousand different species life and trees
Eight thousand innocent people on your list
Another rainforest that you acquire
Mutated for your gains to a forest fire

Your present intentions
The land to rape the land
What are your weapons
A long term masterplan

Creating a fusion
Of confusion
A better lifestyle
Or a grand illusion
Creating a fusion
Of confusion
A better lifestyle
Or a grand illusion

Answer

Addiction of cruelty
The weak community
The land to rape the land
A long term masterplan

A service for mankind

That too yes all mine
Easiest place to inflict fear
It's coming at your rear
