

Title : Keep The Faith

Composer : Victor Tan & Nick Tan

Lyricist : Victor Tan & Nick Tan

Rouse yourself at dawn
A new day is born
Forget about the past and move on
I must go on with something new
Turn my back, walk away

* I can't forget all the past
Another day for me
Finding a way to my heart...

** Keep the faith...
Hold it together again
Time will heal all the pain

The wind against my face
The warm memories
The passing days seem to change
I must be strong to be alright
Turn my back, walk away

[Repeat *]

[Repeat ** twice]

Here I am, standing on my own
I'm starting over, to turn my life around again
Like a dream, you came and walked away
My cry is over, it's a brighter day...

[Repeat ** thrice]
