

Title : HOW CAN YOU GET RID OF THAT FEELIN'.....

Composer : Dixie L.R.Ferdinands

Lyricist : Dixie L.R.Ferdinands

How can you get rid of that feelin' that you have trapped inside,
There's no one here to help you, you must work it out yourself,

You say that you're a non-conformist, fightin' for your rights,
Just don't care, what they say, you dress the way you like,
If you're feelin' out of place, don't fall into depression,
Cause you know they 'd love to be like you,
They just don't want to show it,

How can you get rid of that feelin' that you have trapped inside,
There's no one here to help you, you must work it out yourself,

The circumstances that you're in, changed your mind completely,
Contemporary differences, kept you to yourself,
Now you're cold and disbelievin', bounded by restrictions,
Get out of the situation, before it drags you down,

There's nothin' they can do, it's all up to you.....
How can you get rid of that feelin' that you have trapped inside,

The tension buildin' up inside, is gettin out of hand,
Relief of deep frustration, is what you really need,
Restore your mind and confidence, to carry on your fight,
Have faith in what you believe in, you' ll come out alright,

How can you get rid of that feelin' that you have trapped inside,
There's no one here to help you, you must work it out yourself,
How can you get rid of that feelin' that you have trapped inside.....
