

Title : Front / Back / Side 2 Side (Feat Phlowtron)

Composer : Terry Lee

Lyricist : Terry Lee

Carleed rap

When you feel the boom boom (chicky chicky)
All up in your earhole
You know what it means
It means you get up on the dance floor move your body left side to right side
Baby show you right
Yeah you should be dancing, past midnight
Still vibbin'
Now I got you rockin, on the floor
Head nodding oh.

Chorus

Let me see you bounce (bounce bounce baby bounce bounce baby)
Let me see you shake (shake shake baby shake shake)
Let me see you slide
Front back side to side

Verse

Now you see the club's packed everybody's dancing
Get your back off the wall
Get your drink and hit the floor and let your body take control
Of your high
Yeah you should be dancing, past midnight
Still vibbin'
Now I got you rockin, on the floor
Head nodding oh

Chorus

Bounce bounce baby bounce bounce baby
Phlow-oh phlow-oh
Bounce bounce baby bounce bounce baby
Phlow-oh phlow-oh-tron (Atom Poi)
