

**Title : Once And For All**

**Composer : Dick Lee**

**Lyricist : Dick Lee**

If you don't mind  
I'd like to take you in my arms and say  
I'll be right here, here's where I'll stay  
Just for tonight  
Then in the morning I must go away  
But I'll come home soon if I may  
Someday

\* So for now I'll whisper low  
Once more before I go  
Baby, I just want you to know

\*\* Now and forever  
I'll be the one who'll love you  
Forever and ever  
Once and for all  
Now and forever  
All I will do is love you  
Forever and ever  
Once and for all

Why must it be  
That everything comes to an end  
Let's keep on loving if we can  
I want to lie  
Holding you tight until the break of day  
Dreaming your dreams until they fade away
