

**Title : Send Me A Wind**

**Composer : Mark Chan**

**Lyricist : Mark Chan**

Send me a wind  
Let it blow me out to sea  
Far from the crowds  
Far from the crazy

Send me a wind  
and let me ride  
away from the troubled tide  
Give me wings, let me fly  
Set me free

Send me a wave  
Let it wash me out to sea  
Away from the pride and the fear  
that's holding me

Give me some space and time  
to clear my troubled mind  
and then maybe we'll find  
some harmony

Will there be time tomorrow  
to find the peace of mind we've lost today?  
Or will we find it's slipped away?  
Slipped away
