

**Title : Bengawan Solo**

**Composer : Dick Lee**

**Lyricist : Dick Lee**

Bengawan Solo, the river of my dreams  
Drifting through my secret life  
To places where I haven't been  
No one needs to know  
Where you can carry me  
You can take me down your streams  
And show me what my wishes mean.

River of desire  
When you are calm you only soothe me  
But when you overflow with fire  
You spark my wildest dreams

Bengawan Solo take me away to there  
I don't have to be myself  
Like you, I'd flow without a care.
