

Title : How Much Is Too Much?

Composer : Famie Suliman

Lyricist : Famie Suliman

What is the point?
I waited so long.
I came to realize,
I find it's not worthwhile.

How much is too much?
How much is too much?
You don't have to waste my time with you.

You say you have lost
but you got a choice.
You came to realize
You'll find it's not worthwhile.

How much is too much?
How much is too much?
You don't have to waste my time with you.

How much is too much?
How much is too much?
You don't have to waste my time with you.

You don't have to
You don't have to
waste my time with you.
