**English translation**

**Friends, Get Out Of The World Of Darkness**

(走出黑暗的世界吧! 朋友)

Friends, get out of the world of darkness!  
Indeed it's still pitch-dark outside  
Yet there is warm sunshine  
And gentle breeze

Friends, get out of the world of darkness!  
Indeed it's still pitch-dark outside  
Yet there is the fragrance of flowers  
And the warmth of sincere human affections

Stretch out your arms  
And open up your heart  
Your eyes are covered by the callous hands  
But not your mind's eyes

Friends, get out of the world of darkness!  
Concerned friends are waiting eagerly  
For you to share the dawn of life  
And go through the long night of darkness  
together
