

Title : Nothing Comes Between Us

Composer : VerticalRush

Lyricist : Shaun Samuel, Esmond Wee

Is it all in my head?
This crowded imagination
Of the great
love u always had for me

I seem in a daze
But then
I see you standing close to me

Nothing comes between us
Love is all we need
Nothing comes between us
Love is all we need

I'm still far away
Far away from you
I'd try to ignore
Still I hear you whispering to me
