

Title : A Lover's Holiday

Composer : Dick Lee

Lyricist : Dick Lee

I have to get away — I swear
I have to take a break
I need a change of air
I'm brave enough to say,
" Don't care!"
I know I hold the power to be free

* But there's one little thing I need
Just one important thing
A great necessity
What could it be?
Help make my flight complete and come with me

** We'll go from Tokyo to Rio
And onto Sao Paulo
To chase the current's flow
That takes us far from home
With you I'll run away
With you I want to take
A Lover's Holiday
Holiday!

I need to feel a summer breeze
I need to feel the sun
Shining on me, please!
I need to see the one
I need to break away with,
Take me overseas

Now as I 'm planning to renew
there's something I must do
There's someone to include
One to pursue
No need to wonder who
My love, it's you!
