

Title : Light Of Life

Composer : Jaffar Bin Abbas

Lyricist : Jaffar Bin Abbas

I went crazy,
I was blinded by the things around me
On the highway,
thought I was wrong but I kept going on
Cos I was lost in naivety
I need a way to find my dignity

Life's a journey,
and now I'm walking on a lonely road
Through the hardway
Going through the door to look for changes
Walking on this pathway its not easy
But though It's hard
I've got to keep on moving when

There's something that I found
The glory of my life
You know its true not just a fantasy
There's something that I found,
I have found the light of life
And all this time I thought it's just a mystery

Its my desire,
to look for freedom and abiding love
My anxiety to fill my world with endless happiness
To find the way it's not easy
But though it's hard,
I have to keep on moving when
