Verse

Give someone your hand;
Make them understand
That the greatest gift of all
Is the kind one of a stranger
To lift up the mood
Make everyone feel good,

Oh Oh Oh

Today I couldn't help but notice
All the good deeds we can do
Like giving up a seat
Or helping someone in need
And so much else we do

Chorus

It all starts with one thing
That could probably light up something
Maybe a smile
Maybe a hug
Or just a little wave
We can all be the heroes the city deserves
To make this world a better one to be in
It all starts with you

Chorus
