

**Title : Whenever U Call Me (Feat. Marco Polo)**

**Composer : Terry Lee**

**Lyricist : Terry Lee**

**Terry Lee rap**

**Verse**

Somebody told you baby baby that I don't care about you  
Somebody said that this love ain't true  
Baby baby you know this talk ain't real, you're my first, my last my everything  
The reason why I feel so good over and over girl I try to be a better man over and over  
girl  
I will do the best I know the best I can, the best I can to be that man

**Chorus**

Whenever you call me  
You know that I'll come runnin if you need me  
I'm not afraid to die cos you're my bonnie,  
I'll be your clyde right by your side  
Just watch me slide  
Oh baby oh baby oh baby

**Verse**

Hey boy you must be trippin  
To think that I would doubt you  
You are gravely mistaken to think that I don't care  
I'd go the extra mile for you, go halfway across the world for you  
Not just your girl your partner too  
There ain't a thing I wouldn't do  
Baby good lovin don't come easy (not easy not easy)  
Baby my love don't got conditions (my love has got no rules)  
You are my everythin  
Baby my love is guaranteed (signed and sealed its all for you)  
Sayin its only you and me  
You need to know, got to know  
You need to know that I am so in love with you

**Chorus**

Whenever you call me, you know that I'll come running if you need me  
I'm not afraid to die cos I'm your bonnie  
You'll be my clyde right by my side just watch me slide  
Oh baby oh baby oh baby

**(Marco Polo rap)**

**Chorus**
