

**Title : Cradle Song**

**Composer :**

**Lyricist :**

I will wipe your tears dry pretty baby  
I will chase your fears away lovely child  
Mama's here to love you  
cherish and to hold you tight

I will give you comfort my pretty baby  
I will give you peace my lovely child  
Mama will watch over you, keep you close and keep  
you safe.

**Chorus**

Sleep away my son  
night is nearly done.  
You are from my heart  
I'm never far apart from you  
Stars that shine above,  
beaming light of love,  
pierce the dark around us  
comfort and surround us close.

When you are a prince  
my pretty baby,  
when you are a king  
my lovely child,  
will you love your mama,  
cherish her and keep her close.

You will give me joy  
my pretty baby,  
you will give me laughter  
my lovely child,  
will you then watch over me,  
keep me in your heart and soul.

**chorus twice**
