**Song Of The National Flag**

(国旗的歌)

My name is star, yours moon

The stars and the moon are strength

Growing with us year after year

Let's work hard to excel, let's sing together

Together we sing louder

As unity is strength

You and I shall be the same

The same in working hard

Let the stars and the moon shine

And brighten the universe

Look, how beautiful is the national flag

Look, how graceful it is fluttering in the air

La... La

Unity is strength

My name is star, yours moon

The stars and the moon are strength  
And unity is strength  
Let's work hard to excel, let's sing together  
Together we sing louder  
As unity is strength  
Unity is strength  
Unity is strength
