

Title : Spiral Scars Disfigurement

Composer : Stomping Ground

Lyricist : Zahid

Conspirators
Who are you
What's this mask you're wearing
Stench of putrefaction invades my senses
Silenced screams so piercing from a million lives
So loud I can't hear my voice anymore

Beauty lies in the eyes of the beholder
We are blind with envy blinded with jealousy
Longed to be corpses floating down the catwalk
Beauty lies beauty lies

You can never wash away
The blood from your body
You can never wash away
The blood from your soul

Human hands rob from non human lives
In blood soaked beauty we sacrifice
Our god given humane honour pride
Wear the mask of death while the innocents die

These spiral scars they beautify when beauty is tarnished
With an innocent life
When we disfigure our own faces in the name of senseless pride
