ME AND YOU

BY MERIDIAN SECONDARY SCHOOL

Woah, woah

You got me thinkin' where you came from
On the first day,
Lookin' so thrilled but I can see that,
Your clothes are torn and tattered,
Body full of bruises,
But you smile through the rainy days.

On the other hand, I can't even imagine,
All I have to do is all about studying,
Just wanna chill just wanna play
Even if it's for that one day

The posh life, with me, the poor life, with you.
But I don't understand,
Why can't we work together?

So I look you in the eye, don't wanna waste more time,
'Cause I feel, yeah I know
That we are one and the same
Me and you, I don't care what's going on and who's who,
when it's me and you.

Running to school like Usain Bolt and got your cap on;
Left your books at home,
And left your phone turned on,
You're so sick and tired of the school rules,
Why you gotta be like this, so defiant with school blues.
Talking back to teachers for no reason, just to fit in.
All that money, for your family you've been saving,
Gets taken away almost like Ferraris, but I get it your
parents are busy, now you want the attention.

So I look you in the eye, don't wanna waste more time,
'Cause I feel, yeah I know
That we are one and the same
Me and you, I don't care what's going on and who's who,
when it's me and you.

So I look you in the eye, don't wanna waste more time,
(Running to school like Usain Bolt and got your cap on;
Left your books at home, and left your phone turned
on,)
'Cause I feel, yeah I know
That we are one and the same
(You're so sick and tired of the school rules,
why you gotta be like this, so defiant with school blues.)
Me and you, I don't care what's going on and who's who,
(Talking back to teachers for no reason, just to fit in.
All that money, for your family you've been saving,)
When it's me and you.
(Gets taken away almost like Ferraris, but I get it
Your parents are busy, now you want the attention.)

So I look you in the eye, don't wanna waste more time,
'Cause I feel, yeah I know
That we are one and the same
Me and you, I don't care what's going on and who's who,
when it's me and you.
