

**Title : Voices From The Heart**

**Composer :**

**Lyricist :**

We are voices from the heart singing loud  
We'll do our part working for ourselves and  
for our family  
Do our best whenever we can  
We will help our fellow man  
We are happy people living hand in hand  
Life is simple, life is free  
life is joy and harmony  
We will strive each day be the best that we can be  
Growing stronger everyday  
We'll make it you and me  
We'll work together hand in hand in joy and harmony
